We were lucky and had family plans that weekend in Houston, TX so we left not even knowing that a hurricane was coming. My boyfriends parents stayed at their home and so there was no way we could eat or sleep not knowing if they were O.K. So we left Houston at 9:00 am Tuesday →

Write something special that you would like Santa to bring you or your family:

We really don't want too much just something for the baby. Anything for a 1 year boy.

Thank You!

Please use back or another sheet of paper, if you want to write more. We want to hear your story.

**Return by November 30th to:**

morning (Katrina hit Monday) We made it all the way to Waveland and walked about 5 blocks to their house b/c due to down power lines we couldn't drive down the streets. Darryl's parents were fine and since they live next door to us they got to get in our house and help let the water out. We ended up with 8 inches of water inside our brand new home. (Built in Feb. 2005) Just enough to ruin everything, all of our furniture and our little boys toys were on the floor since he was crawling they were everywhere. We now have our house cleaned out and we have to get about 2 feet which we just started so hopefully for Christmas we can sleep in our house.
